PURPOSE OF THE REPORT

To present the Trust's Quality Report 2022/23.

KEY POINTS

The Quality Report for 2022/23 was presented and approved at the Private Board of Directors meeting held on 27 June 2023 to ensure compliance with publication timelines. A copy of the report can be found [here](#).

The Quality Report has two key aims; to report on the quality of services delivered by the Trust during 2022/23 and to identify the Quality Report Objectives for 2023/24. The content is based on the most recent guidance published by NHSE in 2020.

The Quality Report consists of three sections:

Part 1

A statement of quality from the Chief Executive and the Medical Director.

Part 2

- Priorities for improvement: an account of achievements against the priority objectives for 2022/23 and an outline of objectives for 2023/24 including details of the process and rationale for their selection.
- Statements of assurance from the Board

Part 3

Quality performance information, reporting on the previous year's performance against defined indicators. This content is common to all providers' Quality Reports enabling comparison across organisations.

Following review at TEG on the 17 May 2023, the Quality Report was reviewed by the Overview and Scrutiny Committee, South Yorkshire Integrated Care Board (SY ICB) and Sheffield Healthwatch and their comments are included in the report. The report was also presented at the Public Board of Directors meeting on 25 July 2023 for information.
