

**Sheffield Teaching Hospitals NHS Foundation Trust**  
**New areas for action in response to**  
**The Mid Staffordshire NHS Foundation Trust Public Inquiry**  
**as outlined in the '[Hard Truths](#)' publication**

The following extract has been compiled from a full analysis of the *Hard Truths, The Journey to Putting Patients first* publication. There are a number of key statements within the Mid-Staffordshire NHS Foundation Trust Public Inquiry report and associated publications that will require **new action** to be initiated by the Trust.

This plan includes all the objectives identified as requiring **New Action**. The necessary actions have been grouped into six key themes:

1. Patient Experience
2. Clinical Effectiveness
3. Patient Safety
4. Transparency
5. Regulatory compliance
6. Workforce

At the end of each statement there is a reference provided to enable the reader to cross reference with the full analysis undertaken by the Trust, a copy is available on the Trust Internet site.

Each New Action has been rated according to current progress:

**Red – Not started**  
**Amber – Work in progress**  
**Green – All action completed**

## 1. Patient Experience

Statement	Making a Difference	Lead & Deadline	Key Actions	RAG	Progress
<p>1.1 A sign in every ward and clinical setting would be a simple means of achieving this [how to complain about a service] and the Department will be discussing with Healthwatch England, Care Quality Commission and NHS England the best means of ensuring this becomes standard practice in all NHS hospitals in England. We would expect these <b>posters to set out how to complain about a hospital</b>, how to seek support from their local Healthwatch and how to refer their complaint to the Ombudsman (Clwyd and Hart Report - Ref: D3)</p>	<p>Provide patient centred services</p>	<p>Hilary Chapman October 2014</p>	<ul style="list-style-type: none"> <li>• Undertake a review of the existing posters to ensure the text aligns with the detailed requirements and ensure correct signposting to relevant organisations is in place.</li> <li>• If required re-publish the posters and distribute across the organisation.</li> <li>• Similar information to be made available on the Trust internet site.</li> </ul>	<p style="background-color: yellow;">RAG</p>	<ul style="list-style-type: none"> <li>• The ward information posters will be reviewed in June 14. The information explaining how to provide feedback and make a complaint will be updated.</li> <li>• A review of information available in outpatient areas is planned for August 14.</li> <li>• A pilot project to introduce digital information screens in 15 outpatient areas is proposed. This will provide information updated daily. Consideration is currently being given to the content and will likely include how to make a complaint.</li> <li>• The feedback webpage is currently under review with a revised, more user friendly page due to be launched in June 14.</li> </ul>

<p>1.2 <b>Detailed information on complaints and the lessons learned will be published quarterly.</b> This will include the number of complaints received as a percentage of patient interventions; the number of complaints the hospital has been informed have subsequently been referred to the Ombudsman and the lessons learned and improvements made as a result of complaints (Clwyd and Hart Report – Ref: D9)</p>	<p>Provide patient centred services</p>	<p>Hilary Chapman July 2014</p>	<ul style="list-style-type: none"> <li>Review of existing reporting structure required to ensure all prescribed detail is included.</li> <li>Publication of reports required following review and approval by the relevant Committees.</li> </ul>	<p>Yellow</p>	<ul style="list-style-type: none"> <li>Consultation on the new reporting framework has commenced. The proposed new patient experience reporting architecture is to be discussed at Healthcare Governance Committee. Quarterly Patient experience reports are published on the Trust Internet site including information on complaints. The number of complaints referred to the Ombudsman is already included. The number of complaints received as a percentage of patient interventions, and further information on lessons learned and improvements made as a result, is to be included in the more detailed quarterly patient experience reports from 2014/15 Q1 report.</li> </ul>
<p>1.3 We strongly agree that <b>complaints amounting to a serious or untoward incident warrant independent local investigation.</b> We want to see all hospitals using their statutory powers to offer this to patients (Clwyd and Hart Report – Ref: D10)</p>	<p>Provide patient centred services</p>	<p>Hilary Chapman October 2014</p>	<ul style="list-style-type: none"> <li>Initiate Independent investigations when required.</li> <li>Monitoring of national developments in place.</li> </ul>	<p>Yellow</p>	<p>Developments to be incorporated into overall review of Complaints Management.</p>
<p>1.4 We also want to see Directors with responsibility for patient safety being required to give a <b>detailed update on complaints at each Board meeting</b> and we will work with NHS England to determine the most effective mechanism through which to achieve this (Clwyd and Hart Report – Ref: D7)</p>	<p>Provide patient centred services</p>	<p>Hilary Chapman June 14</p>	<ul style="list-style-type: none"> <li>Monthly complaints report to be presented to the Board Committee – Healthcare Governance.</li> </ul>	<p>Green</p>	<ul style="list-style-type: none"> <li>Already in place and Included in Healthcare Governance Committee workplan 2014/15</li> </ul>
